Arthur Peters

Arthur Peters of Eldersfield has died in 1990.

Arthur died suddenly on the 19 October 1990 aged 71. He had lived all his life around Eldersfield and learnt to ring there in his teens. He took over as Tower Captain at Eldersfield in 1960 and successfully kept a band together on this difficult heavy ring. One of his daughters has now taken over his role. His favourite method was 'the 30 changes' which he learnt from numbers on a blackboard.

He was a keen ringer all his life and first joined the Association in 1957. He was also involved in the overhaul of Eldersfield bells in 1988.

His garden and the countryside were his other loves and his kindly ways will be missed in the village.
